Where Our Students Landed.

★★★★★

My counsellor just kept track of everything for me: documents, offer letter, visa. Every time I started to panic about a deadline, they'd already flagged it three days before.

Aakash R.

University of Hertfordshire, UK

★★★★★

They actually sat down and looked at my marks, my budget, what I wanted to do after, not just pushed the popular ones. Deakin wasn't even on my radar until they suggested it.

Nivetha S.

Deakin University, Australia

★★★★★

Nobody in my family had done this before, so I had no idea which bank or what interest rate. InSync walked me through the actual numbers and helped with the paperwork.

Keerthana M.

University of Windsor, Canada
